West Hills Covenant Church
Student Ministries Discipline Policy

Here at West Hills Covenant Church, we love students and we love families! Our ministry seeks to create an environment consisting of activities and programs that will, while working alongside families, train and educate students towards maturity. A component of this environment includes certain behavior and cooperation standards that the students are expected to follow. These standards include

----following the direction of the staff leadership,
----showing respect and a cooperative attitude,
----respecting the rights and property of others,
----abstaining from the use of drugs, alcohol, and tobacco during any church sponsored activity.

These standards remain consistent in their nature, but vary in specifics from activity to activity as the goals and purposes of each activity vary. When students choose not to abide by these standards, disciplinary responses are given including loss of free time, work detail, separation from the main group, etc. In <u>minor</u> cases, this is the only response given. In <u>moderate</u> cases, these responses are given and the parent is usually informed. In more <u>serious</u> cases, the parent may be asked to pick up their son/daughter from the activity. In all cases, the ministry benefit to the student and the entire group remains as the primary goal. Discipline is always administered for the good of the student and the group. The needs of people always come first!

I have read the above statements of discipline policy and will abide by them.
